

**Remarks**

***Telephonic Interview With The Examiner on April 10, 2008***

Applicant's representative had a telephonic interview the Examiner on April 10, 2008. Dependent claim 10 was discussed. Applicant's representative agreed to amend dependent claim 10 such that it depended from dependent claim 7.

***In The Claims***

The Office Action dated April 14 indicated that claims 1-3, 6 and 10 were incomplete because they depended from claims that had been canceled by the Examiner pursuant to MPEP 1214.06. And, Applicant was provided with one month to place claims 4-5, 7-9 in independent form. The following claims have been added:

New *independent* claim 36 includes the subject matter of now canceled claims 1, 2 and 4 and is therefore complete and is believed to be allowable.

New dependent claim 37 depends from new claim 36 and includes the subject matter of now canceled claims 1, 2, 3 and 4 and is believed to be allowable.

New dependent claim 38 depends from new claim 36 and includes the subject matter of now canceled claims 1, 2, 4 and 6 and is believed to be allowable.

New *independent* claim 39 includes the subject matter of now canceled claims 1, 2 and 5 and is therefore complete and is believed to be allowable.

New dependent claim 40 depends from new claim 39 and includes the subject matter of now canceled claims 1, 2, 3 and 5 and is believed to be allowable.

New dependent claim 41 depends from new claim 39 and includes the subject matter of now canceled claims 1, 2, 5, and 6 and is believed to be allowable.

The new claims 36-41 were necessitated by the Office Action. Applicant believes new claims 36-41 are consistent with the Office Action. Applicant respectfully requests that new claims 36-41 be allowed.

In addition, currently amended dependent claim 7 now depends from new independent claim 36 (which includes the subject matter of now canceled claims 1, 2, and 4), and therefore

currently amended dependent claim 7 is complete. Applicant respectfully requests that the rejection of claim 7 be withdrawn. Applicant respectfully requests that currently amended dependent claim 7 be allowed.

Currently amended dependent claim 8 depends from new independent claim 39 (which includes the subject matter of now canceled claims 1, 2 and 5). Therefore currently amended dependent claim 8 is believed to be allowable. Applicant respectfully requests that currently amended claim 8 be allowed.

Currently amended dependent claim 9 depends from new independent claim 36 (which includes the subject matter of now canceled claims 1, 2, and 4). A portion of dependent claim 9 had to be deleted, because that subject matter was previously recited in subpart (f) of new claim 36. Therefore currently amended dependent claim 9 is believed to be allowable. Applicant respectfully requests that currently amended claim 9 be allowed.

Currently amended dependent claim 10 depends from dependent claim 7 which depends from new independent claim 36 (which includes the subject matter of now canceled claims 1, 2, and 4). Applicant believes that dependent claim 10 has been amended consistent with the Interview, because currently amended dependent claim 10 depends from currently amended dependent claim 7, which in turn depends from new independent claim 36 (which includes the subject matter of claims 1, 2 and 4). Therefore, currently amended dependent claim 10 is believed to be allowable. Applicant respectfully requests that currently amended claim 10 be allowed.

New dependent claim 42 depends from new claim 39 and includes the subject matter of now canceled claims 1, 2, 5, and a portion of currently amended dependent claim 10. New dependent claim 42 is similar to currently amended dependent claim 9.

No new matter has been added to this application.

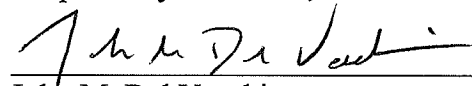

Applicant respectfully requests favorable action.
